21 I believe that bringing nuclear waste to  
22 Yucca Mountain would be extremely detrimental to both  
23 our state of Nevada, the country, and the land that is  
24 so precious and I strongly believe that the research  
25 that they say has been done to prove that this is going

1 to be a safe method is completely biased and is not  
2 something that should be looked at in a way that  
3 they're going to use and I just strongly believe that  
4 they should not bring the waste to Yucca Mountain in  
5 Nevada. Thank you.
